# THE DOMUS

## Grand and historic

The Domus is part of The Abbey which is central to the history of Beaulieu. Founded 800 years ago by Cistercian Monks from France, the Abbey was destroyed by Henry VIII during the Dissolution of the Monasteries. This left only two buildings intact: the lay brothers' dormitory, known as the Domus, and the Monks' Refectory, now the Parish Church of Beaulieu. The Domus can cater for up to 130 guests and offer the reception area of Cellarers Hall.

Its charming original features include exposed beams, stone walls and a large open fireplace creating a magnificent setting. Surrounding the Domus, the spectacular Cloister can be found, where exquisite drinks receptions are held within the striking archways and ruins creating the most atmospheric backdrop for your photographs. In addition to the Cloister, the wedding couple and their photographer may also have non-exclusive use of the beautiful Victorian Gardens, leading through a wisteria tunnel down towards the Beaulieu River, providing another sensational backdrop.

# PALACE HOUSE
